Modern and charming holiday cottage

Cornwall has long been a popular UK holiday destination, thanks to its wild coastlines and breathtaking beaches. With a history steeped in mining, fishing, and farming, it is full of charming coastal villages that provide an idyllic retreat from the rush of everyday life.

One such village is Sennen Cove on Cornwall's west coast. Whilst being a popular destination, it manages to avoid being overcrowded with tourists, unlike other destinations in the area. Retaining the ambience of an old fishing village, it hosts a little harbour with its own fleet of fishing boats and has one of Cornwall's best stretches of golden sand. Whitesands beach is a popular spot with surfers and has its own local surfing club, and Sennen Cove beach and Gwenver beach are perfect for families and surfers alike. The ancient cove was once said to have been frequented by mermaids; these may have really been dolphins, which can still be seen in the crystal clear waters close to the coastline.

Nestled in this traditional Cornish village is Surf Cottage, an 18th-century former fisherman's cottage just two minutes' walk to Sennen Cove beach, half a mile from Land's End, and eight miles from Penzance. This fantastic property boasts a number of return

customers, and it is easy to see why. With a garden which overlooks the beautiful coastline, the cottage is granite-built and is surrounded by high stone walls.

The spacious living and dining area has stunning views of the coast and headlands, with a TV, DVD and CD player and a dining table that seats six. There are three large bedrooms which comfortably sleep five people, including a double room with an en-suite, a twin room with a wash basin, and a third room with a large single bed. There is also an extra power shower downstairs, along with a WC and hand basin.

The surrounding area boasts plenty of little shops and cafés, pubs, galleries and a selection of excellent restaurants for evenings

out. If you fancy a meal at home, however, Surf Cottage has a well-equipped kitchen to satisfy all of your culinary needs during your time away, as well as WiFi access and private parking.

During the winter, you can be sure to stay cosy and warm in front of the open fire, and in the summer you can enjoy a meal or barbecue on the stone terrace whilst soaking up the Cornish sun and dazzling sea views.

As well as being close to local shops, Surf Cottage has easy access to walks along the South West Coast Path, as well as being a short distance from a number of popular attractions including the Geevor Tin Mine, the Minack Theatre, St. Michael's Mount, the Levant Tin Mine, Tate St. Ives, and the Barbara Hepworth Museum.

A modernised and renovated property, Surf Cottage still manages to retain its traditional charm, and offers self-catering accommodation all year round. If you would like to take advantage of its stunning location and amenities, contact Cathy by using the details below.

ANCIENT FAMILY ROOTS

For All Our Grandfathers:

First Ever Family Lineage from 4026 BC to 2008 AD

This is an ideal present for those who like true humorous and sometimes tragic stories of a family, who's members shaped the course of history. It is a very large book of 548 pages that not only give an historical, international, national, and local account of their lives and the environment in which they lived but a true account of family life of fun and tragedy.

Said by a publisher: 'it is a very valuable book that will be used by families, students and professionals for many years to come'. Although our family through no fault of their own became destitute and struggled to survive as other family branches succeeded as royalty, lords of the manor or of high profile. Many years have passed since we as children waited in a blacked out room huddled together for warmth with baited breath to hear stories told by our parents during those long wartime nights past down by many generations of our family; we realised we would have to put into print these fascinating stories of the past for you to enjoy and others yet to come together with the dramatic account our own life and times; sometimes humorous, some tragic.

Due to the exciting facts we discovered researching numerous manuscripts, books, and the bible to our amazement we were constructing a family tree that started from the beginning of time leading to the plain of Shinar with Noah's three sons.

Unbeatable Varnish for a Range of Uses

Le Tonkinois Varnish is a specially designed varnish that was first formulated back in China almost three centuries ago. The natural oil based yacht varnish comes with a range of excellent benefits, including being permanent, removing brush marks, not cracking or flaking off.

On top of that, the varnish boasts exceptional corrosion protection for metals and has a durable coat too, meaning it can withstand impact without peeling or cracking.

The highly raved about varnish can be seen on yachts and boats, whether in fresh water, sea water, or sludge

up and down the country. Not only that, but you can also use Le Tonkinois Varnish in kitchens, outdoor and interior woodwork.

As a result of being fully waterproof and non-microporous, the varnish is resistant to boiling water, alcohol and has even been classified as safe to use in food areas.

Le Tonkinois Varnish can also be used to stain wood, and pigments can be mixed in with the varnish if a particular colour is desired, whilst still allowing the wood to breathe, a feature not typically found among other varnishes.

The varnish is also naturally glossy and can be made matt or satin with an additional coating of Gelomat.

If you would like to find out how you can get your hands on some of the remarkable Le Tonkinois Varnish, or would like to find out how you can use it for your own needs, then be sure to get in contact using the number below.

Start your gin-credible journey at the Refectory Bar

Serving up some of the finest cocktails in the South West, The Refectory Bar offers a chic environment to unwind and refresh after a long day. Based in the heart of Black Friar's Distillery, the home of the renowned Plymouth Gin, the Refectory Bar is steeped in history and prides itself on its exceptional cocktail menu.

"Our cocktails are what set us apart," explained Joshua Stewart, Head Bartender. "We push both modern recipes and old classics, all of course using our famous Plymouth Gin. Our signature cocktail is the Marguerite, a variation of the dry martini, as well as the classic gin martinis and the best gin and tonics around!"

This enviable range of cocktail recipes is complemented by the stunning interior of the cocktail lounge. Indeed, the Refectory Bar's stylish surroundings make it a hit with a huge range of customers from around the world.

What's more, the Black Friar's building dates back to the early 1400s, with the Refectory Bar being the most intact part of the establishment boasting a fine hull-shaped timber roof built in 1431. It is one of the oldest buildings in Plymouth, and visitors can discover the history of the Black Friar's Distillery with behind-the-scenes distillery tours to get an introduction to the centuries old Plymouth Gin distillation process.

The tour includes a short tutored tasting of Plymouth Gin Original and Plymouth Sloe Gin, the perfect introduction to the distillery's unique blend of exotic botanicals. Then, at the end of the tour, guests can choose between a complimentary miniature of Plymouth Gin to take home, or head to

the Refectory Bar for a delicious Plymouth Gin and tonic. As well as this, the Refectory Bar hosts music nights every Thursday, with two talented blues guitarists alternating performances each week. "We also host different music nights depending on the time of year. For instance, we've got a pianist coming in for Valentine's Day next month," said Joshua.

The Refectory Bar gladly welcomes groups, and recommends booking in advance for Fridays and Saturdays to avoid disappointment. "It's not a standing bar, we offer table service, so we want to make sure everyone has the best experience during their visit. Definitely pre-book if you're coming in a group as it gets very busy!"

In 2020, Plymouth will be celebrating the Mayflower 400, a year-long commemoration marking the 400th anniversary of the Mayflower's voyage. It is thought that the ship's crew stayed at the building that is now the Refectory Bar before setting sail from Plymouth, so the bar will be introducing a special drinks menu to celebrate this historical event.

If tasting the delicious cocktails wasn't enough, guests can now also learn how to make the Refectory Bar's signature martinis in a Martini Masterclass, where you learn about the history of the drink and try different styles, before having a go at making one yourself.

CHINESE CHUANDONG HOUND

An ancient breed dating back to 206 BC

We are proud to have imported the first of this unique breed into the U.K. There are now twenty here with puppies we have bred from our five original dogs. The Chuandong Hound is not only rare but very different from any other breed with their sparse single coat that does not shed, black spotted tongue, pricked ears and erect short tail, the breed looks like no other. They are highly intelligent, loving and loyal to all family members especially children who they adore, with many cat like characteristics e.g. the way they play and keep themselves immaculately clean, a medium sized dog with a life span of 16-20 years that can fit into most family situations. The Chuandong Hound is a scent hound that is still highly prized in the East Sichuan area of China. For more information have a look at our website.

Escape to the beautiful Cornish countryside at Castle Holiday Park

Nestled snugly on the outskirts of St Columb, Cornwall, is Castle Holiday Park. Established during the 1980s, the park has dedicated some 30 years to offering a quiet reprieve from the relentless bustle of city living, and an alternative to other similar sites that come packed with arcades, bingo nights and noise.

10 miles from Newquay, and encircled by moors, beaches and woodland, the Park is a hive for wildlife. Rabbits regularly visit the park, along with an impressive list of birds and other creatures that only add to the park's beauty and character.

There is also a castle on site, which was refurbished several years ago and now resembles more of a French Chateau. What's more, visitors now have the option to stay inside it with four holiday flats available.

The site's facilities are excellent, with an onsite child's play area and heated indoor swimming

pool, as well as a laundry room with washing machine and tumble dryer and a shower and toilet block. The site also houses a selection of six birth static caravans, which let at £550 per week, and it is unlikely you'll find such a low priced caravan, with such up to date facilities, in such a wondrous area for a price as reasonable as this elsewhere.

The surrounding environment is bursting with activities; from nature trails to theme parks, the South West Coast has something for everyone, and Castle Holiday Park acts as an ideal base from which to explore the local attractions. For over three decades the Park has been bringing joy to families and holidaymakers in its own, delicately subtle way, and will surely continue to do so for decades to come. To book a visit, see the details below.

schemes; I share my experience and the bride shares her aspirations for her bridal flowers, and together we create a floral mood board and a vision to support the wedding theme. Listening, and cutting through unrealistic expectations with a full explanation, help me to create something bespoke for each bride. I think it's down to us to manage their expectations, yet also be able to exceed those every time.

"I love taking on various floral challenges, because it keeps stretching my skills further. My customers love my floristry style and my flowers last a long time as I try to buy directly from the growers, where possible."

Established in 2016 as a freelance wedding florist, Scent a Posy progressed over the years to become a permanent shop on Polegate High Street in August 2018.

Mandy Lower, Scent a Posy's Founder, has always had a huge passion for floristry. "I've loved floristry right from my Saturday job when I was only 14 years old, which followed on to a full time apprenticeship when I left school," Mandy explained.

"It takes a long time to learn the skill, many exams and trial and errors before finally finding your own unique style. Creatively putting single blooms together to make a beautiful bouquet is so rewarding. Colours, textures and an eye for detail have always been within me, so Scent a Posy was just a calling really!"

Mandy's passion for creating the perfect bouquet is evident not only in the way she talks about her work, but the care and dedication she shows to each customer. "I think Scent a Posy stands out because of the level of customer interaction I offer, and the attention I pay to their needs. We discuss options and deliver over and above their expectations.

"If, for example, I have a bride looking for her wedding flowers, I offer a free consultation where I allow up to an hour for a one-to-one discussion. We talk through styles, flower availability, colour

Scent a Posy offers a full floral spectrum of fresh flowers, creating fresh bouquets which can be loose hand tied or placed within water bubble and box presentations. The shop also offers fresh green and flowering indoor & outdoor plants, and a great range of gifts for all occasions. Mandy offers her floristry services for all your special events, including weddings, funerals, birthdays, anniversaries, celebrations of birth, and all manner of gifting occasions. She can also make local deliveries within the East Sussex area.

"One of my personal missions is to advise every customer personally about fresh flower care, sharing knowledge about particular flowers and plants," Mandy said. "I absolutely love my job! The Polegate community has welcomed me with open arms, and I have fantastic repeat business. I've made lots of new friends as I continue to strive forward with my little florist shop!"

THE REEL POSTER GALLERY

ORIGINAL MOVIE POSTERS

Over 20 years experience dealing in the world's finest movie posters

The Reel Poster Gallery is the creation of Bruce Merchant, who owns and manages the business today.

Originally trained as a sculptor, Bruce started collecting in the late 1980s dealing with a handful of private clients. As many collectors start out, he never thought he'd deal. Within a year or two, however, he'd amassed a volume of posters and the business of selling began. Collecting is very addictive and emotionally driven. Bruce bought what he liked, either for the film title, or more often for the design merits of the poster itself.

Bruce founded The Reel Poster Gallery in 1991.

Prior to this date, he had always seen the market potential at major auctions like Christies and Sotheby's, notably he observed the kinds of audience that these sales were attracting. Historically, the market was very US led and to lesser extent French & Italian. Within a few years, Bruce and The Gallery had put London on the map for serious collectors and film aficionados.

Over this period, the gallery has been responsible for a dozen publications on film posters and related subjects - with over a million copies sold worldwide. Due to this success, Taschen bought the rights to The Gallery's 'Decades' series, however Bruce also produced 500 hardback limited editions, a handful of which remain available to purchase today.

After 20 years of establishing itself as a world leading destination for original posters, Bruce realized the majority of his loyal client base no longer needed to view before buying and were more than happy to buy on our recommendation or simply from a gallery catalogue. Therefore, we now operate by appointment only with a fantastic new website to support our activities.
