# Trustworthy clinic for dental and aesthetic treatments

**D**K Cosmetics was set up by Dee Kaur, a registered dental professional with over 12 years' experience within dentistry. As a dental therapist, she can provide preventative, cosmetic and restorative care to her patients, including cosmetic stain removal, teeth whitening, and implant maintenance, as well as regular hygiene maintenance options such as airflow polishing and stain removal.

"My main inspiration behind opening my clinic

was having more flexibility," Dee explained. "I have two boys, 5 and 7 years old, and before setting up my clinic I wasn't able to participate in their school lives. Now I can do school runs and be my own boss."

As well as dental treatments, Dee was inspired to extend her skills to offer aesthetic treatments, such as anti-wrinkle, dermal fillers, plasma, microneedling, skin boosting, chemical peels and more. Her website details the personal

story behind this venture – after struggling with pigmentation (Malasma) during both of her pregnancies, Dee came across many hurdles before finding the right treatment. So, she decided to use her thorough knowledge of skin, head and neck anatomy to extend her skills and help clients.

This personal experience means Dee can directly relate to her clients' concerns, making her dedicated to ensuring she offers

excellent consultation to understand exactly what her clients need. This means you can rest assured that Dee can advise on the best treatment available for your situation, with an explanation of the advantages and disadvantages of each procedure, what results can be achieved, and how much it will cost.

Recently, DK Cosmetics has added a new treatment to its services called HIFU. With the latest 4D HIFU device, clients can get a non-surgical face lift thanks to the device's clinically proven technology. It targets underlining skin levels at the right energy and temperature to tighten, lift and strengthen your skin for a more youthful look. DK Cosmetics charges £299 for HIFU face and £299 for HIFU neck, but bought together it only costs £450.

DK Cosmetics also offers Plasma Fibroblast skin tightening treatment, a non-surgical method that helps tighten the jowl, neck and décolletage areas. The procedure involves small plasma sparks which cause superficial epidermis carbonisation/charting, which results in a thermal contraction of collagen fibres. The skin forms tiny scars which eventually shed to reveal new, tighter skin. Results are permanent, and the treatment is safe to use in Fitzpatrick skin type 1, 2 and 3. DK Cosmetics also offers Liposonix treatments to get rid of stubborn fat, and B12 injections.

These aesthetic treatments are in addition to massage therapy, using Shiatsu-acupressure therapy, and one-hour hypnotherapy sessions, which can help with smoking addiction, for example.

Of course, now is the time that many of us are looking for Christmas presents, and DK Cosmetics' new vouchers could be the special gift you're looking for. Gift vouchers are available for £100, £200, £300, or £500, and all vouchers purchased in November will receive complementary mini facial and skin care advice worth £55! The vouchers can be used towards anti-wrinkle injections, lip fillers, non-surgical face lifts (HIFU), chemical peels, liposonix, and much more! What better way to treat someone special for their birthday or Christmas than a luxury treatment from DK Cosmetics?

If you would like to find out more information on DK Cosmetics' full range of services and view the price list, head to the website. Here, you can also sign up for a 15-minute free consultation on which treatment is suitable for your skin. Alternatively, get in touch directly using the details below.

## Facial Aesthetics

### Dr. lead clinic

DK Cosmetic Clinic is a facial aesthetic clinic run by a registered dental professional – Dee Kaur. Dee is Harley Street and Skinviva trained in providing facial aesthetic treatments.

She regularly attends courses to ensure you are receiving the latest treatments in this ever changing field of cosmetics.

#### Plasma

Finally!

A non-surgical eye lift/skin tightening treatment which actually works!

If upper eyelid hooding, neck skin tightening, jowls or smokers lines are concerning you and you are looking for a permanent solution without going under the knife, then look no further than plasma (Fibroblast) skin tightening treatment.

#### How does it work

The procedure involves small plasma sparks causing superficial epidermis carbonisation/ charting which results in a thermal contraction of collagen fibres. The skin forms tiny scars which eventually shed to reveal new tighter skin. Results are permanent and the treatment is safe to use in Fitzpatrick skin type 1,2 and 3.

Some of the benefits of having this procedure over surgical blephrioplasty:

- Non surgical, no sutures required
- Less down time
- Treatment time 20-30 minutes
- More affordable than surgery
- Improves skin tone, fine lines & stimulate collagen production
- Reduce acne, chicken pox & stretch marks

Who better than a registered Dental professional to provide safe facial aesthetic procedures with all their medical background and through knowledge of the head and neck anatomy in a professional manner at her clinic placed in the beautiful secluded location of Draycott near Victoria Mill.

## A great day out with Sandwich River Bus Tours

The Sandwich River Bus Tour is located on the River Stour in Sandwich, Kent, and navigates the many waterways of the area, ferrying passengers so they may enjoy the sights and sounds of the river, the stunning picturesque countryside, and the town of Sandwich itself which is renowned for its medieval history. The town of Sandwich regularly brings tourists together from all over the world to view the many historic buildings dating back to the Anglo-Saxon times and the Roman invasions.

Founded in 1992 by the Highway Marine and then taken over by Captain Colin Carr in 1999, The Sandwich River Bus group holds a very high reputation for their exceptional scenic, historic and wildlife centred river boat trips.

Since becoming Harbour Master, Colin has worked out of an office that was first built back in 1338 and is a relic and attraction in itself. The River Bus has a variety of boats, including two 12-seaters and a 55-seater boat which was first built back in 1935.

With a diverse range of tours available, such as regular traditional boat trips, river tours from Sandwich to the Roman Fort at Richborough, or short rides staying near the town, guests will be treated to exploring the rich and scenic history of

the local town. In addition to history, passengers often seek out Colin's services to explore the many untouched pockets of wildlife along the English countryside. Seals are a huge draw for the company, with families, children, and more all seeking to see the seals in their natural watery habitat.

## A fun-filled day out with Rutland Farm Park

Located in the beautiful county of Rutland, Rutland Farm Park is a family run farm that offers guests a fun day out in the East Midlands.

The farm is located within the idyllic British countryside, situated on the remaining Noel estate that dates back to the Victorian era. Because of the property's age, the farm features a selection of Victorian farm buildings and structures, in addition to a range of exotic plants and blossoms, including rare Himalayan flowers and bamboo.

After a long closure that was caused by the infamous foot-and-mouth crisis in 2001, the farm re-opened last year due to popular demand. The farm's owners, the Ball family, wanted to welcome guests back onto their premises to encourage wildlife conservation and educate groups on the natural world.

The Ball family work hard to conserve rare species of livestock, preserving an array of unusual and endangered poultry and cattle. The family encourage visitors to ask questions about the animals and interact with breeds to learn and develop their knowledge on conservation. A member of staff will always be on hand to answer any questions and delve deeper into the breed's history, making it the ideal location for schools to learn and have fun.

The Farm is home to a flock of Lincoln Longwool sheep, a breed that has been reared since medieval times and produces 35lbs of wool in only one clipping. The farm is also home to one of the largest Friesian Holstein bullocks in the world, towering above guests at an impressive height of 7ft. In addition to these fantastic beasts, the farm also houses a host of farmyard animals, including: ducks, geese, goats, pigs, alpacas, llamas and much more.

Once guests have explored the farmyard, they can enjoy a drink and a bite to eat in the farm's Tea Room. The Tea Room is available to guests of the farm and to the general public, allowing

everyone to enjoy a beverage and take in the gorgeous country scenery. The Tea Room can also accommodate groups of all sizes as the farm has generous on-site parking and plenty of indoor and outdoor tables.

It is important to note that all of the Tea Room's food is freshly prepared and caters to a variety of dietary requirements. This includes, but is not limited to: homemade cakes, ice creams, milkshakes, hot and cold drinks, baked potatoes and sandwiches. The Tea Room also organises a variety of events and occasions where the menu will change accordingly.

For any more information on the farm, or if you would like to view the farm's opening times, visit their website listed below. Alternatively, if you would like to book a table at the Tea Room or have any other specific enquires, telephone Rutland Farm Park on the number below.

# Peaceful, stylish living at Chilton Park

Leisure Solutions is proud to announce that Chilton Park has been chosen to receive our coveted Commitment to Excellence award, for its outstanding commitment to providing high quality residential park homes in a tranquil environment.

Chilton Park is an exclusive residential park homes development,

situated on the edge of the idyllic market town of Bridgwater in Somerset.

The park offers the perfect location for peaceful and relaxing retirement/semi-retirement living, with a rich selection of attractions nearby. "We're 15 minutes' walk from the town centre," explained Tony Fry, Park Manager. "This means there is easy access to supermarkets, doctors, vets and dentists, as well as the park maintaining a country feel thanks to its excellent location with plenty of beautiful scenery, walks and beaches nearby."

Indeed, Chilton Park has the best of both worlds, with a range of amenities nearby as well as being in easy reach of the picturesque Quantock Hills and the stunning scenery of Exmoor. Residents can also make use of nearby golf courses and there are the Chilton Lakes for fishing enthusiasts. For lovers of the coast, there are the beaches of nearby Burnham-on-Sea or Minehead, with Chilton Park being only 15 minutes away from the coast.

Residents can also enjoy a brand new leisure centre just across the road from the park, featuring a gym, exercise classes, sports hall, swimming pool and much more.

"These are beautiful homes based in the heart of Somerset, and the park should be finished by December 2020. We have 45 homes at the moment, most of which have been sold, and there will be 60 homes completed by September 2020. Since I took over in February 2018, I've done my best to implement more rapid changes to ensure the park is finished, meaning each time people come to have a look at the homes, there is something new to see. In fact, in March 2020, there will be 10 new show homes ready to view."

Specialising in Omar park homes, Britain's premier park home and holiday lodge manufacturer, Chilton Park features properties in sizes ranging from 40' x 20' to 50' x 20', with most featuring two bedrooms with en-suite bathrooms.

# Unbeatable Varnish for a Range of Uses

**L**e Tonkinois Varnish is a specially designed varnish that was first formulated back in China almost three centuries ago. The natural oil based yacht varnish comes with a range of excellent benefits, including being permanent, removing brush marks, not cracking or flaking off.

On top of that, the varnish boasts exceptional corrosion protection for metals and has a durable coat too, meaning it can withstand impact without peeling or cracking.

The highly raved about varnish can be seen on yachts and boats, whether in fresh water, sea water, or sludge up and down the country. Not only that, but you can also use Le Tonkinois Varnish in kitchens, outdoor and interior woodwork.

As a result of being fully waterproof and non-microporous, the varnish is resistant to boiling water, alcohol and has even been classified as safe to use in food areas.

Le Tonkinois Varnish can also be used to stain wood, and pigments can be mixed in with the varnish if a particular colour is desired, whilst still allowing the wood to breathe, a feature not typically found among other varnishes.

The varnish is also naturally glossy and can be made matt or satin with an additional coating of Gelomat.

If you would like to find out how you can get your hands on some of the remarkable Le Tonkinois Varnish, or would like to find out how you can use it for your own needs, then be sure to get in contact using the number below.

## Le Tonkinios Varnish & Flexidisc Sander & Grinder

**T**he Flexidisc Sanding system has been on the market for 30 years yet still remains one of the most versatile.

The Flexidisc is a system based on an exciting 5" disc sander attachment which securely fits in your drill. A highly efficient flexible shaft eliminates vibration and gives full control when presented full face to the job surface, enabling fantastic finishes.

The fast rotation gets sanding completed in a fraction of the time compared to conventional sanders. This multi-purpose tool converts into a super-fine finishing sander, bench grinder, sharpener, partial angle grinder, polish applicator and polisher.

The 'slap-on peel-off' Velcro type discs are coated in a super-tough material called Corundum. The re-usable discs do the work of 100 conventional discs and can cope with a wide range of materials from soft plaster to iron. Because they generate little heat, they can even sand G.R.P. and old paint without melting the material.

Using the 'slap-on' system, polish is easily applied using the foam sponge, whilst a polishing cap completes the job. DA & BE Murkin are also the sole importers of Le Tonkinios Varnish, manufactured the traditional way, using Linseed oil, Tung oil & natural resins.

Slower drying, it shows no brushmarks and easily sinks into the timber. As such, it moves with the timber and doesn't crack or peel.

## Plan an Autumn Break

### Surfs Cottage, Sennen Cove

Granite built 16th Century Fisherman's Cottage, with surrounding high stone walls and mature garden overlooking stunning Sennen Beach and headland views. Just 2 minutes walk from Sennen sea shore. This small private home consists of 3 bedrooms, 1 en-suite. The large living and dining area overlooks the beach and headland.

A peaceful and tranquil cottage where you can enjoy a glass or two of wine on the lawn or stone terraced patios in the summer or the same in front of the large open fire in winter.

Set in beautiful surroundings with easy access to local shops as well as places such as St. Ives, Truro, Falmouth and Penzance. If you enjoy the many beaches, surfing and cliff top walks then this is for you with the added attraction of private parking.

Surf Cottage in Sennen Cove some 20 minutes' walk from Lands' End was one of the original buildings in Sennen Cove and was once a small thatched cottage surrounded by its own strawberry fields.

## Modern and charming holiday cottage

Cornwall has long been a popular UK holiday destination, thanks to its wild coastlines and breathtaking beaches. With a history steeped in mining, fishing, and farming, it is full of charming coastal villages that provide an idyllic retreat from the rush of everyday life.

One such village is Sennen Cove on Cornwall's west coast. Whilst being a popular destination, it manages to avoid being overcrowded with tourists, unlike other destinations in the area. Retaining the ambience of an old fishing village, it hosts a little harbour with its own fleet of fishing boats and has one of Cornwall's best stretches of golden sand. Whitesands beach is a popular spot with surfers and has its own local surfing club, and Sennen Cove beach and Gwenver beach are perfect for families and surfers alike. The ancient cove was once said to have been frequented by mermaids; these may have really been dolphins, which can still be seen in the crystal clear waters close to the coastline.

Nestled in this traditional Cornish village is Surf Cottage, an 18th-century former fisherman's cottage just two minutes' walk to Sennen Cove beach, half a mile from Land's End, and eight miles from Penzance. This fantastic property boasts a number of return customers, and it is easy to see why. With a garden which overlooks the beautiful coastline, the cottage is granite-built and is surrounded by high stone walls.

The spacious living and dining area has stunning views of the coast and headlands, with a TV, DVD and CD player and a dining table that seats six. There are three large bedrooms which comfortably sleep five people, including a double room with an en-suite, a twin room with a wash basin, and a third room with a large single bed. There is also an extra power shower downstairs, along with a WC and hand basin.

The surrounding area boasts plenty of little shops

and cafés, pubs, galleries and a selection of excellent restaurants for evenings out. If you fancy a meal at home, however, Surf Cottage has a well-equipped kitchen to satisfy all of your culinary needs during your time away, as well as WiFi access and private parking.

During the winter, you can be sure to stay cosy and warm in front of the open fire, and in the summer you can enjoy a meal or barbeque on the stone terrace whilst soaking up the Cornish sun and dazzling sea views.

As well as being close to local shops, Surf Cottage has easy access to walks along the South West Coast Path, as well as being a short distance from a number of popular attractions including the Geevor Tin Mine, the Minack Theatre, St. Michael's Mount, the Levant Tin Mine, Tate St. Ives, and the Barbara Hepworth Museum.

A modernised and renovated property, Surf Cottage still manages to retain its traditional charm, and offers self-catering accommodation all year round. If you would like to take advantage of its stunning location and amenities, contact Cathy by using the details below.

# Coccolino

Coccolino is an ethical childrenswear company, sourcing designer children's and baby clothes from the UK, Sweden, France and Denmark. With extensive stock of thousands of products, Coccolino is on a mission to bring quality fashionable children's styles to customers, wherever they may be.

"We do our best to minimise our footprint, so most of our products are sourced from Europe apart from our Organic range which is made in India. We also try to support UK-made products as much as we can," said Dorothy Thompson, who established Coccolino from a tiny room in her home back in 1988.

From humble beginnings, Coccolino has opened its first shop in Norwich and has embraced the world of online shopping, with orders shipping to more than 100 countries across the world.

Coccolino's Kite brand is its organic range, where all clothing is made from either organic cotton or recycled plastic bottles. There is also the Petit Bateau brand, which is France's most famous children's underwear brand and is the must-have of any infant's wardrobe.

In addition, Coccolino offers Emile et Rose, which is perfect for gift sets for new-born babies, with full baby outfits complete with hats and matching

bows. "We also offer the classic Sarah Louise

brand, as well as a range of clothes for special occasions such as Christenings. On top of the clothes, we sell ethically sourced toys all made from wood or cloth, no plastic."

From the charities they sponsor to their work at fashion shows, Coccolino's love for everything children's fashion shines through in everything they do. These are just a few of the brands available from Coccolino, and it is well worth a visit to their website, Instagram or Facebook pages to discover everything they have to offer.

# Coccolino

## Children's & Baby designer clothes sourced from UK, Sweden, France and Denmark

Coccolino is a small, independent children's boutique located near to John Lewis in the heart of Norwich. We are specialists in christening wear, and stock brands such as Sarah Louise, little linens, petit bateau, Emile et Rose, Oscar and Ellen toys and more!

I started back in 1988 from a tiny room in my home when my girls were babies. I bought and traded Oshkosh dungarees as they were popular with Princess Diana for William and Harry.

We then opened our first shop in charming Upper St Giles Street, Norwich, UK. Since those humble beginnings we have embraced on-line shopping and now ship to more than 100 countries

We also stock Kite organic clothing from newborn to 12 years.

Many of my original customers are still my customers today.

# All of your event needs covered!

**W**ith a natural flair for creativity, exceptional organisation and problem solving abilities, professional toast master Patricia Creighton has been hosting spectacular events since she established her organisation back in 2010.

After realising there was a lack of female toast masters in the industry, Patricia established the company and has since become an extensively appreciated event organiser, hosting some of the most spectacular balls and parties for a variety of occasions across the country and beyond. Some of these have included civil partnership ceremonies, corporate events, banquets, bar mitzvahs, cocktail parties, awards, product launches, official openings and other such special occasions. Patricia is Croydon-based but is able to travel should this be a requirement (much of her ceremony-centred work has been conducted in Spain).

With experience working as a wedding planner and registrar, Patricia is well placed to provide support to couples, and her passion for people is made even more evident with her 43 years of service as a teacher to the Croydon Education Department. She is also an esteemed member of a small boutique wedding and events group "IN TOTO EVENTS" (Facebook) which is a local consortium of wedding and event service providers. In 2003 Patricia even received the highly esteemed MBE (Member of the British Empire) for her extensive services to the voluntary youth sector

Lady Toastmaster's work is incredibly customer-oriented; each project Patricia is presented with is handled with care and attention to detail as well as, of course, the expected level of professionalism and

efficiency. Communicating with the necessary experts – photographers, caterers, bands and guest speakers included – ensures the day goes according to plan and all aspects are taken into consideration.

If you don't want the stress of organising an important event then consult Lady Toastmaster today. Leaving the logistics to a well-experienced specialist will ensure you can relax and enjoy the planning process instead of getting frustrated and flustered.

Patricia always receives glowing feedback from her clients. Some recent ones have included:

Paula and Michael Leake Wedding – Liverpool – "We would just like to thank Pat for all the hard work, effort and time she spent making our special wedding day even more special. She made us feel relaxed (which we weren't) and took away our nerves (of which there were many) and made sure the whole event ran smoothly. Can't thank you enough!"

Louise and James – Wedding at Windsor Race Course – "Thank you so much for being so lovely to work with. You did an amazing job and we couldn't have been happier with how things went. We didn't know what a Toastmaster was until you did our wedding and it was amazing. You thought of so many things we had not considered and the event ran like clockwork with all the timings being spot on, which it would not have been possible without you. Every wedding should have a toastmaster!"
