Teddy Boutique was established over seven years ago by a mother and daughter but was taken over in March 2020, when Liz purchased the business and reopened it just after the first COVID-19 lockdown. "I bought Teddy Boutique at the start of the pandemic, without viewing the actual premises. I could see the potential it had to offer and how it could be made into a special, magical place to browse and shop," explained Liz.

Based in Skipton, North Yorkshire, Teddy Boutique is one of a kind has built a reputation, being well known in the area as one of the best soft toy and bear shops in North Yorkshire. Its customer reviews and feedback are a glowing emblem of how successful Teddy Boutique has become since Liz took over the business. 'It's like stepping back in time,' 'my favourite shop - ever!', 'The best customer service anywhere,' just some of the many reviews the company has received from its happy customers.

Among these reviews, was this one featured on Yell.

com - 5* This is a shop full of dreams for young and old I am waiting delivery of my second Charlie bears mouse. Well worth a visit. Lovely friendly owner.

With customers being at the heart of Teddy Boutique's operations, Liz added that, "Customer Service is paramount to our success, and we pride ourselves on the service we offer and deliver. Whether a customer is buying a £6 pocket money item or a £600 collectors' piece, everyone is treated with the same level of respect, care and service. Teddy Boutique is a safe place where customers are welcome to browse, sit in the VIP Chair for a chat, or use our facilities for nursing - we are an open environment and welcome all."

Liz is always using customer feedback and requests to better Teddy Boutique and make it more accessible to everyone. She mentions, "I am delighted to say I'm expanding the business and opening the second floor which will be dedicated to my new range of children's clothing. I'm really excited to be able to offer customers what they want and what they've asked for. At the same time I'm

planning on introducing parties for children or adults - keep an eye on our website for further updates and information."

Renowned for making people smile and with a magical atmosphere, Teddy Boutique provides an unforgettable experience all under one roof. The company is however looking for areas to grow and one day soon hopes to expand and open more boutiques in the future.

In closing, we caught up with Liz, who passed on this message, "A huge thank you to each and every one of our customers, without whom Teddy Boutique wouldn't and couldn't exist. A sincere and heartfelt thank you for all the support and amazing feedback received, it really is something special."

They have been importing Le Tonkinois Varnish and the Flexidisc sander for almost 40 years.

The perfect location to meet, eat and drink with friends and family

Do you enjoy the opportunity to go for a nice meal, whether with friends or family, to celebrate or just for leisure? If so, then The Shed should be high on your list of places to visit.

Situated in the historic village of Lode on the outskirts of Cambridge, the distinguished bar and restaurant at The Shed is a perfect location to meet, eat and drink with everyone you enjoy spending time with. It has an excellent selection of carefully selected wines, cask ales and draught beers, which are served

all day, and the talented chef has seasonal, local produce delivered every day, meaning that every meal is freshly prepared daily, with all food being freshly made on site.

The Shed serves an eye-catching and mouth-watering array of dishes on its extensive menu. This begins with a good variety of starters including breaded Whitebait as an unusual standout dish. Moving on to the main course, there is a great selection of pub classics, which everyone will enjoy, and these include both vegetarian, vegan and gluten-free options if required.

In addition to these, there is also a range

of choices from the grill, including a terrific selection of burger options, which can all be served on gluten-free buns. An added bonus to this section of the menu is that on Tuesday evenings between 18:00–20:30, all burgers are on a 'buy one get one free' offer!

The Shed also has an ever-changing 'specials' board which has different meals all reasonably priced. These boards can be viewed in-house, or they are also advertised on the Facebook page. Sunday lunchtime has the added advantage of the availability of Sunday roast dinners, including either roast rib-eye of beef, leg of lamb, loin of pork or chicken breast, and these can also be purchased as a takeaway.

If you have little ones visiting with you, there is also a good children's menu, with an interesting variety of dishes to please

every appetite, and to go alongside your meals, there is even a tempting range of side options. During the summer holidays as a special treat, you can get one free child's meal with every adult meal purchased.

However, there is more than great food and drinks available at The Shed, there is also entertainment on offer. Recent events have

included a classic Motown and soul evening, as well as an Open Mic night, where talented locals have been invited to show off their talents.

The Shed is a very popular venue for locals and those that will travel for good food also. It has excellent reviews online, with one customer entitling their recent review as 'family friendly with delicious food', and another saying "the food was lovely and freshly cooked and a good portion. Service was great and always helpful and friendly. Fantastic chilled relaxed atmosphere." The average rating from customers on both Facebook and Tripadvisor are very high to reflect the outstanding service delivered.

One unusual aspect of The Shed that customers often mention is the beautiful look of the building itself. One person called it a 'unique place for a meal' and continued to mention that, "The Shed is a wonderful place to visit. From the outside it looks like an extended house when in fact it is an ex-serviceman's club – definitely worth a visit."

The photos on the website most certainly bear testament to this.

The Shed has wheelchair access to the front of the building, as well as baby changing and disabled toilet facilities, with a no smoking/e cigarette policy. No dogs are allowed in the bar and restaurant area but they are welcome in the ever-popular Poolroom.

So, if it is a special occasion or you just fancy relaxing with some great food and drink, you will be very welcome at The Shed.

Broadcast your artwork and purchase unique art pieces online

Open Space Gallery is exactly what it says on the tin – an open space for artists of all types, notability and artistic background, to advertise and display their artwork available online for buyers, dealers and art lovers alike.

Overseen by its passionate owner, Ian Briers, Open Space Gallery provides artists of all sizes, from up and coming aspiring artists to world-renowned well-established artists, with a platform to advertise their work to buy or sell to the expansive online art community. "We are an online art gallery that is open to all types of artwork to advertise for sale." Ian continued, "I am more than happy to accommodate artists and if we do not currently have their type of artwork on display, I will happily make a new section for them."

Open Space Gallery maintains an inclusive art culture and is open for all artists to submit their artwork to display on its website. The site maintains a wide variety of artwork from glasswork, intricate painting and drawings to unique sculptures, pottery and all that come in between. "We cater for all artwork types and the artwork is available to view and purchase by everybody, as it's a public open site. We are always expanding the range of artwork and I'm happy to accommodate any art type. One of our latest notable pieces is a sculpture of a swordfish by Robert Slinn." Ian stated.

The opportunity to gain exposure from possible interest, including from fine art dealers is something advantageous for any artist and Ian told us that, "We have gained a lot more interest from different buyers including at least two verified London based art dealers. This is a big opportunity for artists to showcase their work to these potential buyers."

Not only is Open Space Gallery a great tool for artists, it is also a highly accessible platform for buyers. Regardless if you are looking for the perfect accessory to complement your home or searching for new talent for an upcoming art project or dealership; Open Space Gallery displays an abundance of talent through its online space.

"We have a great opportunity for buyers to purchase artwork. We provide them with the image, price of the

artwork as well as the artist's information to allow them to communicate directly with the artist. What's great as well is there are pieces available to suit all budgets, with prices ranging from £10 to up to £100 million." Ian stated.

One of the biggest names in terms of established artists at Open Space Gallery is Trevor R Plumber, who is the first artist in the world to produce an Art Sculpture Painting, complicated artwork with locking mechanisms and a built-in secret code. Trevor R Plumber currently has five pieces of art for sale at Open Space Gallery consisting of sculptures and painted sculptures with prices starting from £10,000 to £100 million.

Indeed, Open Space Gallery is certainly a blank canvas background to showcase the latest and greatest in artwork, with something to suit everybody's artistic needs.
